## MARINA MANCORIDIS

Email: marinam@mit.edu

### Education

2024-                    Ph.D. in Computer Science, Massachusetts Institute of Technology.  
2019-2024            A.B., Computer Science, Princeton University, *Summa Cum Laude*.

### Research Interests

Artificial Intelligence, Behavioral Science

### Fellowships, Awards, and Societies

2024                    *MIT Presidential Graduate Fellowship*.  
2024                    *Calvin Dodd MacCracken Senior Thesis Award*, for the most inventive and technically accomplished senior thesis in Princeton University's School of Engineering and Applied Sciences.  
2024                    *Computer Science Department Outstanding Senior Thesis Prize*, for the best thesis in the department.  
2024                    *Sigma Chi Honor Society* induction.  
2023                    *Computer Science Department Outstanding Independent Work Award*, for the best junior-year research paper in the department.  
2022                    *Paideia Scholarship of the Hellenic University Club of Philadelphia*.

### Conference Publications

"Publish or Perish: Simulating the Impact of Publication Policies on Science" (with Theodore Sumers and Tom Griffiths). 2024. Accepted at the *Proceedings of the Annual Meeting of the Cognitive Science Society*. Vol. 46. 2024

"To each their own theory: Exploring the limits of individual differences in decisions under risk" (with Joshua Peterson and Tom Griffiths). 2023. Accepted at the *Proceedings of the Annual Meeting of the Cognitive Science Society*. Vol. 45. No. 45.

### Conference Talks

2024                    46th Annual Meeting of the Cognitive Science Society.

### Conference Poster Presentations

2023                    45th Annual Meeting of the Cognitive Science Society.
